WORK EXPERIENCE

Light Entrepreneur
2022 – present

tmi. Pejopa

During the recent years, I have employed myself with a trade name as a carpenter and construction worker. My main income has come from renovating office spaces in central Helsinki in cooperation with Rkl. Oinonen and Hima Construction OY

Swappie
2020 - 2021

Junior IT Engineer

My responsibilities included managing the company's IT assets and databases, developing software integrations to automate monotonous tasks, providing on-site and remote IT support, administering employee accounts, and designing Swappie's endpoints and workstations.

Junction volunteer
2020 and 2021
Implementations

Sustainability Team lead / Stream and Technology Representative

2020 - I lead a 4 person team, we planned how the event could be organised in a sustainable manner. Later on, we pivoted to hold the event online due to the COVID pandemic.

2021 - With knowledge from the previous year, I was responsible for planning the livestream together with Livetek OY
